9.3 Onboarding to a New Client Engagement	19
10. Roles and Accountabilities	20
11. Measurement and Feedback	21
11.1 Feedback Points	21
11.2 Metrics Reported to the ELT	21
11.3 Performance Against Targets — Q3 FY 2025-26 (October to December 2025)	21
12. Annexure A — New Joiner Checklist	23
13. Annexure B — Escalation Contacts	24
14. Annexure C — Document Control	25

Section numbering in this document is stable across versions. Where a clause has been withdrawn the number is retained and marked withdrawn, so that cross-references from other policies continue to resolve.

1. Introduction

1.1 Purpose

This Manual describes how Nexora Technologies brings a new person into the organisation and how it develops them thereafter. It covers the period from offer acceptance to the end of the first year, and the ongoing learning framework that continues for the whole of an employee's career at Nexora.

It is written for four audiences, and each clause states who is accountable:

Audience	What this Manual gives them
The new joiner	What will happen, when, and what they must do
The hiring manager	A day-by-day checklist and the outcomes they own
The onboarding buddy	The scope and boundaries of the buddy role
HR Operations, IT and Facilities	The service levels they are held to

1.2 The Standard We Hold Ourselves To

Nexora measures onboarding against five outcomes. These are reported to the ELT each quarter.

Outcome	Measure	Target
Ready on day one	Laptop, accounts and seat available at 09:30 on the date of joining	98%
Productive quickly	First meaningful contribution merged, shipped or delivered	Within 21 calendar days
Compliant	All mandatory courses completed	Within 30 days of joining
Connected	New joiner can name their manager, buddy, HRBP and skip-level	100% at day 30
Retained	Voluntary attrition in the first 180 days	Below 4%

1.3 Scope

This Manual applies to all new joiners at Gurugram, Bengaluru and Pune: lateral hires, Graduate Engineer Trainees, fixed-term contract employees, interns, and employees rejoining after a break. Sections 9 and 10 apply additionally to internal transfers and to employees returning from extended leave.

2. Pre-boarding: Offer Acceptance to Day Zero

2.1 Timeline

Day (relative to date of joining)	Activity	Owner
DOJ – 30 to DOJ – 21	Offer released; candidate accepts on the Talent portal	Talent Acquisition
DOJ – 21	Background verification initiated with VeriTrust	Talent Acquisition
DOJ – 21	Pre-boarding portal access sent to personal email	HR Operations
DOJ – 18	Document upload reminder 1	HR Operations (automated)
DOJ – 14	Hardware requisition raised on NexServe; asset allocated	Hiring manager, IT
DOJ – 14	Seat allocated; access card requested	Facilities
DOJ – 10	Accounts provisioned: email, PeopleHub, Slack, NexServe, NexoraLearn, VPN, SSO	IT
DOJ – 10	Buddy nominated and briefed	Hiring manager
DOJ – 7	Welcome call from the hiring manager	Hiring manager
DOJ – 7	Joining kit despatched: welcome letter, first-day agenda, site map, travel guidance	HR Operations
DOJ – 5	30-60-90 day plan drafted	Hiring manager
DOJ – 3	Readiness check: assets, accounts, seat, buddy, plan all confirmed green	HR Operations
DOJ – 1	Reminder to the new joiner with reporting time, location, and contact	HR Operations (automated)

The DOJ – 3 readiness check is a gate, not a status update. Where any item is red, the HR Operations lead escalates to the function head the same day. Onboarding a person to a desk with no laptop is treated as a service failure and is reported in the quarterly metrics.

2.2 The Welcome Call

The hiring manager calls the new joiner seven days before the date of joining. The call is not administrative; HR Operations handles administration separately. The manager covers:

1. What the team is working on right now, in plain language.
2. Who the new joiner will sit with and who their buddy will be.
3. What the first week will look like.
4. What the first thirty days are meant to achieve.
5. Anything the new joiner is anxious about — relocation, notice-period overlap, a family

commitment in the first month.

Managers record the completion of the welcome call on PeopleHub. Where a new joiner cannot be reached after three attempts across two days, the Talent Acquisition partner is informed, as this is the strongest early indicator of a candidate who will not join.

2.3 Documents to Be Submitted

Uploaded to the pre-boarding portal before the date of joining:

#	Document	Notes
1	PAN card	Mandatory for payroll; a copy is required even if e-PAN
2	Aadhaar card	For UAN linkage; masked copy accepted
3	Passport-size photograph	White background, taken within the last 6 months
4	Highest education certificate and consolidated marksheet	Provisional certificate accepted for 90 days
5	Relieving letter from the most recent employer	Within 30 days of joining
6	Experience letters from all employers in the last 7 years	For BGV
7	Last three months' salary slips from the most recent employer	For compensation validation
8	Form 16 or tax computation from the previous employer for the current financial year	Form 12B is generated from these
9	Cancelled cheque or bank statement header	Name, account number and IFSC must be visible
10	Address proof — current and permanent	Utility bill, rent agreement, passport or Aadhaar
11	UAN and PF member ID, if any	For transfer of accumulations
12	Passport, if held	For visa processing on client engagements
13	Dependant details for insurance enrolment	Name, relationship, date of birth
14	Nomination forms — PF Form 2, Gratuity Form F, GTL nomination	Signed and uploaded

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

A new joiner who has not uploaded documents 1, 2 and 9 by the date of joining can be onboarded but cannot be added to the payroll master, and will miss the first payroll cut-off if the documents arrive after the 18th.

2.4 Background Verification

BGV is initiated at DOJ – 21 and runs in parallel with onboarding. A joiner starts work while BGV is in progress, on the express condition recorded in the appointment letter that the appointment is conditional on a clear result.

Result	Meaning	Consequence
Green	All checks clear	Recorded; confirmation proceeds normally
Amber	Minor discrepancy — a date, a title, an unverifiable small employer	Panel review: HRBP, hiring manager, Legal; usually closed with an explanation on file
Red	Material discrepancy — fabricated employment, forged qualification, undisclosed conviction, undisclosed overlapping employment	Offer withdrawn, or services terminated with immediate effect under HR-POL-001, Clause 15.3

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

A joiner whose relieving letter is not produced within ninety (90) days of joining is treated as a Red finding, because Nexora cannot then establish that the previous employment has ended.

3. Day One

3.1 Reporting

New joiners report at **09:30 IST** on the date of joining, at the Level 3 Learning Hub of their assigned site. Photo identification is required at reception; the access card is issued against signature after the joining formalities.

Site	Reporting location	Nearest transit
Gurugram	Nexora Tower, Plot 17, Sector 44 — Level 3 Learning Hub	HUDA City Centre Metro, 4.2 km; shuttle at 08:45 and 09:00
Bengaluru	Prestige Tech Park III, Kadubeesanahalli — Level 6 reception, then Level 8 Learning Hub	Kadubeesanahalli bus stop, 400 m
Pune	Panchshil Business Park, Tower B, Viman Nagar — Level 3 Learning Hub	Viman Nagar Chowk, 900 m

3.2 Day One Schedule

Time	Activity	Owner
09:30 – 10:00	Registration, photograph, access card issue	Facilities
10:00 – 10:30	Welcome and Company overview	HR Operations
10:30 – 11:15	Documentation verification and PeopleHub profile activation	HR Operations
11:15 – 12:00	IT asset handover, device enrolment, SSO and MFA setup	IT Support
12:00 – 12:45	Policy briefing: Handbook, Code of Conduct, POSH, leave, attendance	HRBP
12:45 – 13:30	Lunch with the buddy	Buddy
13:30 – 14:15	Information security and acceptable use briefing	Information Security
14:15 – 15:00	Site orientation: floor walk, emergency exits, first-aid points, cafeteria, ODC zones	Facilities
15:00 – 16:00	Team introduction and manager one-to-one	Hiring manager
16:00 – 17:00	NexoraLearn enrolment; mandatory course plan; first course started	Learning and Development
17:00 – 17:30	Day-one feedback survey	New joiner

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

3.3 What the New Joiner Receives on Day One

- Laptop and peripherals per the standard kit in HR-POL-001, Clause 11.1, with disk encryption, endpoint protection and the DLP agent already enrolled.
- Access card, with the access profile for their floor and, where applicable, their ODC.
- Nexora email address in the format `firstname.lastname@nexoratech.in`, with numeric disambiguation where the name is already in use.
- Employee ID in the format `NEX#####`, which is the identifier used across PeopleHub, NexServe, NexSpend, NexoraLearn and the payroll system.
- A printed one-page card with the HR Helpdesk, IT Helpdesk, Facilities and EAP numbers.

- The 30-60-90 day plan, drafted by the manager and to be agreed by the end of week one.

3.4 Accounts and Access Provisioned by Default

System	Purpose	Provisioned
Microsoft 365 and SSO	Email, calendar, documents	DOJ – 10
PeopleHub	HR system of record: leave, attendance, payslips, performance	DOJ – 10
Slack	Team and Company communication	DOJ – 10
NexServe	IT service management, assets, software catalogue	DOJ – 10
NexSpend	Travel and expense	DOJ – 10
NexoraLearn	Learning management	DOJ – 10
VPN (Nexora Secure Access)	Remote access	DOJ – 10
GitLab, Jira, Confluence	Engineering roles only	Day 1, on manager approval
Client environments	Engineering and delivery roles	On client approval, typically day 5 to day 15

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

Client-environment access is never provisioned by default. It requires the client's own approval, a named business justification, and, in most cases, the completion of client-specific training and a signed client NDA. The Delivery Manager owns this request.

4. Induction Week

Induction Week runs from day one to day five and is common to all new joiners at all locations. It is delivered in a blend of in-person sessions at the site Learning Hub and self-paced modules on NexoraLearn. Attendance is mandatory; a session missed for a genuine reason is made up in the following month's cohort.

4.1 Induction Week Schedule

Day	Morning	Afternoon	Output
1	Welcome, documentation, IT setup	Policy, security, site orientation, team intro	Day-one checklist closed
2	Nexora: history, clients, practices, delivery model	Engineering standards and the Nexora way of working	Practice overview quiz
3	Information Security Awareness (NEX-SEC-101); ISMS overview (NEX-SEC-107)	Data protection and the DPDP Act (NEX-LEG-104)	3 mandatory courses complete
4	Code of Conduct (NEX-HR-103); POSH orientation (NEX-HR-102)	Anti-Bribery (NEX-LEG-105); ethics case discussion	3 mandatory courses complete
5	Quality Management System (NEX-QMS-106); tools walkthrough	30-60-90 plan agreed with the manager; buddy check-in	Signed 30-60-90 plan on PeopleHub

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

4.2 Mandatory Compliance Courses

All seven courses must be completed within **thirty (30) calendar days** of joining. Induction Week is designed so that a new joiner completes all seven within the first five days.

Course code	Title	Duration	Assessment	Pass mark	Renewal
NEX-SEC-101	Information Security Awareness	2.0 hours	20 questions	80%	Annual
NEX-HR-102	Prevention of Sexual Harassment (POSH)	2.0 hours	15 questions	80%	Annual
NEX-HR-103	Code of Conduct and Business Ethics	1.5 hours	15 questions	80%	Annual
NEX-LEG-104	Data Protection and the DPDP Act, 2023	1.5 hours	15 questions	80%	Annual
NEX-LEG-105	Anti-Bribery and Anti-Corruption	1.0 hour	10 questions	80%	Every 2 years
NEX-QMS-106	ISO 9001:2015 Quality Management System	1.0 hour	10 questions	75%	Every 2 years
NEX-SEC-107	ISO/IEC 27001:2022 ISMS Awareness	1.5 hours	15 questions	80%	Annual

Escalation for non-completion: reminder at day 15 to the employee; reminder at day 25 to the employee and manager; escalation at day 31 to the function head; at day 45, system access other than PeopleHub and NexoraLearn is suspended until completion.

4.3 Role-Specific Onboarding Tracks

In addition to Induction Week, each role family runs a track in weeks two and three.

Track	Role family	Duration	Key content
ENG-TRK	Engineering	8 hours over 2 weeks	Branching model, code review standard, CI/CD pipeline, secure coding, definition of done
QE-TRK	Quality Engineering	8 hours	Test strategy, automation framework, defect lifecycle, performance testing basics
CLD-TRK	Cloud and Infrastructure	10 hours	Landing zone standards, IaC repository, change management, incident and on-call process
DAT-TRK	Data and Analytics	10 hours	Data platform architecture, data classification, masking standards, model governance
DEL-TRK	Delivery Management	12 hours	Delivery Operating Model, status reporting, risk and issue management, revenue recognition basics
PRE-TRK	Presales and Solutions	8 hours	Bid process, estimation model, solution review board, pricing guardrails
COR-TRK	Corporate functions	6 hours	Function-specific systems, approval matrices, the Delegation of Authority

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

5. The Buddy Programme

5.1 Purpose

Every new joiner is assigned a buddy for the first thirty (30) days. The buddy is the person a new joiner asks the questions they would not ask their manager: where the good coffee is, what "ODC" stands for, whether it is normal to still feel lost in week two, who actually knows how the deployment pipeline works.

5.2 Who Can Be a Buddy

A buddy must be a confirmed employee, in the same team or an adjacent team, at the same band or one band above the new joiner, with at least six months at Nexora, not in the new joiner's reporting line, and not carrying more than one buddy assignment at a time.

A buddy assignment is recognised: the buddy receives an allowance of **INR 3,000** on completion of the thirty-day period and a positive closing note from the new joiner, and the assignment is recorded against the buddy's people-contribution goal in the performance review.

5.3 What a Buddy Does

Timing	Buddy action
DOJ – 2	Sends a personal welcome message on the new joiner's personal email or phone
Day 1	Lunch; site walk-through; introductions to at least five people
Days 2 – 5	Daily fifteen-minute check-in
Week 2	Two check-ins; walks through the team's tools and rituals
Weeks 3 – 4	Weekly check-in; introduces the new joiner to adjacent teams
Day 30	Closing conversation; buddy submits a short note to the manager and HRBP

5.4 What a Buddy Does Not Do

A buddy does not set goals, assess performance, approve leave, handle a grievance, or discuss compensation. A buddy who becomes aware of a wellbeing concern, a policy breach or a POSH matter refers it to the HRBP rather than handling it; the referral itself is not a breach of the new joiner's confidence and must be made.

6. The 30-60-90 Day Plan

6.1 Requirement

Every new joiner has a written 30-60-90 day plan, drafted by the hiring manager before the date of joining, agreed with the new joiner by the end of week one, and recorded on PeopleHub → Onboarding → 30-60-90. The plan is reviewed at day 30, day 60 and day 90, and each review is recorded.

6.2 Structure

Horizon	Theme	Typical outcomes
Days 1 – 30	Learn	Understand the client, the product, the architecture, the team's rituals and the delivery model. Complete all mandatory training. Ship one small, real change end to end. Meet ten named people.
Days 31 – 60	Contribute	Own a component, a test suite, a service or a workstream. Participate fully in estimation, review and stand-up. Resolve production or client queries with light supervision. Present once to the team.
Days 61 – 90	Own	Deliver an agreed piece of work independently and on schedule. Improve something nobody asked you to improve. Mentor or assist a newer joiner. Agree development goals for the rest of the year.

6.3 Illustrative Plan — Senior Software Engineer (Band B3), BFSI Practice, Gurugram

Days 1 – 30

1. Complete all seven mandatory compliance courses (day 5).
2. Obtain client environment access; complete client-mandated training on payments data

handling (day 12).

3. Set up the local development environment and run the full test suite successfully (day 7).
4. Read and summarise the solution architecture document for the Settlement Services platform;

present the summary at the team stand-up (day 15).

5. Pick up and merge three defects of complexity "Low" from the backlog (day 25).
6. Meet the Delivery Manager, the client's technical lead, the QE lead, the architect, and four

team members; record notes (day 30).

Days 31 – 60

1. Take ownership of the Reconciliation Engine module, including its on-call runbook (day 40).
2. Deliver the ISO 20022 message mapping change end to end: design note, implementation, unit

and integration tests, code review, deployment to UAT (day 55).

3. Participate in sprint estimation and lead the estimation for at least two stories (day 45).
4. Complete the first buddy-independent client status call (day 50).

5. Reduce the module's flaky test count from eleven to zero (day 60).

Days 61 – 90

1. Own delivery of the Q3 statement-generation enhancement, from refinement to production

(day 85).

2. Join the on-call roster following on-call shadowing of two rotations (day 70).

3. Propose and implement one improvement to the CI pipeline; measure the change in build time

(day 80).

4. Onboard and buddy the next joiner to the team (day 90).

5. Agree performance goals and the Individual Development Plan for the remainder of the year

with the manager (day 90).

6.4 Review Gates

Gate	Participants	Recorded outcome
Day 30	New joiner, manager	On track / needs support; training complete or not
Day 60	New joiner, manager, buddy (closing)	On track / needs support; buddy programme closed
Day 90	New joiner, manager, HRBP	Formal probation review 1; feeds the confirmation decision
Day 180	New joiner, manager, HRBP	Formal probation review 2; confirmation decision

7. Nexora Launchpad — The Graduate Engineer Trainee Programme

7.1 Overview

Nexora Launchpad is the eight-week structured training programme for Graduate Engineer Trainees hired from campus. Cohorts start in July and January each year. The 2026 July cohort is expected to be 120 trainees across the three sites, with the majority at Bengaluru and Pune.

GETs are on the Nexora payroll from day one at the GET compensation band (B1 entry), receive full benefits other than variable pay, and carry a service commitment of eighteen (18) months from the date of joining as recorded in the GET appointment letter.

7.2 Programme Structure

Phase	Weeks	Focus	Assessment
Foundation	1 – 3	Programming fundamentals, data structures, version control, SQL, Linux, working in a team, written communication	Weekly coding assessment; pass mark 60%
Technical Track	4 – 7	One of four specialisations: Java/Spring, .NET, Data Engineering, Cloud and DevOps	Track assessment; pass mark 65%
Capstone	8	Team project: build, test and deploy a small application against a written brief	Panel evaluation; pass mark 60%

7.3 Foundation Phase — Weeks 1 to 3

Week	Content	Hours
1	Nexora induction and mandatory compliance courses; Git and the Nexora branching model; Linux command line; IDE and debugging	40
2	Data structures and algorithms; complexity; problem-solving workshops; unit testing and test-driven development	40
3	Relational databases and SQL; REST API design; HTTP and web fundamentals; written communication for engineers; agile ways of working	40

7.4 Technical Tracks — Weeks 4 to 7

Track	Core content
Java / Spring	Java 21 language features, Spring Boot, JPA and Hibernate, Maven, JUnit and Mockito, Docker, REST and messaging
.NET	C# 12, ASP.NET Core, Entity Framework Core, NuGet, xUnit, Docker, REST and messaging
Data Engineering	Python, advanced SQL, dimensional modelling, Airflow, Spark, dbt, data quality and data contracts
Cloud and DevOps	AWS and Azure core services, Terraform, Kubernetes, CI/CD with GitLab, observability, incident response

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

7.5 Capstone — Week 8

Teams of four to five trainees build a working application against a brief issued on the Monday morning and demonstrate it on the Friday afternoon to a panel of a practice architect, a delivery manager and an L&D facilitator. Evaluation covers functionality against the brief (30%), code quality and test coverage (25%), architecture and design decisions (20%), demonstration and communication (15%), and teamwork as observed by the facilitator (10%).

7.6 Progression and Non-completion

Situation	Consequence
Passes all three phases	Deployed to a project; six-month probation begins from the deployment date
Fails one weekly assessment	Remedial support; reassessment within the following week
Fails a phase assessment	One reassessment opportunity within 10 working days
Fails a reassessment	Placed in the next cohort's corresponding phase, once only
Fails after repeating a phase	Services discontinued with 30 days' notice under HR-POL-001, Clause 3.4
Voluntary exit before the end of the service commitment	Training cost recovery of INR 1,00,000, pro-rated over the 18 months

7.7 Support During Launchpad

Each cohort of fifteen trainees is assigned a dedicated facilitator, a technical mentor from the practice, and a Launchpad HRBP. Weekly one-to-ones with the facilitator are mandatory. Trainees relocating for the programme receive relocation assistance under HR-POL-001, Clause 7.6, and, where required, up to thirty (30) nights of Company-arranged shared accommodation during weeks one to four.

8. The Learning Framework

8.1 The Annual Commitment

Every employee is expected to complete a minimum of **forty (40) learning hours per financial year**, of which:

- at least sixteen (16) hours on the primary technical or functional track;
- the mandatory compliance courses in Clause 4.2, which count towards the total;
- at least four (4) hours on behavioural, communication or leadership content for Band B3 and above.

Learning hours are recorded automatically on NexoraLearn for internal content, and are recorded by the employee with evidence for external content. They appear in the performance record and are one input to the annual rating.

8.2 The Course Catalogue

The Nexora training catalogue holds sixty (60) active courses across seven categories. It is maintained by the Learning and Development team, reviewed each quarter, and published on NexoraLearn and as a downloadable CSV on the intranet.

Category	Indicative content	Approximate share of catalogue
Compliance	POSH, Code of Conduct, information security, data protection, quality, anti-bribery	12%
Technical — Engineering	Languages, frameworks, architecture, secure coding, performance	25%
Technical — Cloud and Infrastructure	AWS, Azure, GCP, Kubernetes, Terraform, observability, FinOps	15%
Technical — Data and AI	SQL, Spark, dbt, machine learning, MLOps, responsible AI	13%
Quality Engineering	Test automation, performance engineering, test strategy, accessibility testing	10%
Delivery and Process	Agile, estimation, risk management, client communication, the Delivery Operating Model	12%
Leadership and Behavioural	Feedback, difficult conversations, inclusive leadership, coaching, presentation skills	13%

8.3 Learning Pathways by Band

Band	Expected pathway	Signature programme
B1	Foundation technical skills; written communication; Nexora ways of working	Launchpad or Lateral Foundations
B2	Depth in one stack; testing; debugging; client-facing basics	NEX-ENG-210 Engineering Craft
B3	Design and architecture basics; mentoring; estimation; one cloud certification	NEX-ENG-320 Design for Change
B4	Technical leadership; architecture; code review at scale; influencing without authority	NEX-LDR-410 Leading Engineers
B5	People leadership; performance conversations; delivery economics; hiring	NEX-LDR-101 Leadership Foundations

Band	Expected pathway	Signature programme
B6	Portfolio management; commercial acumen; client relationship management	NEX-LDR-520 Managing Managers
B7 – B8	Strategy, P&L ownership, executive communication, external advisory	Executive coaching, external programme

Completion of **NEX-LDR-101 Leadership Foundations** is a prerequisite for promotion to Band B5 and above, as required by HR-POL-001, Clause 8.4.

8.4 Certification Programme

Nexora reimburses examination fees for certifications on the approved list, up to **INR 40,000 per employee per financial year**:

Attempt	Reimbursement
First attempt, passed	100% of the examination fee
Second attempt, passed	50% of the examination fee
Third and subsequent attempts	Nil
Failed attempt	Nil

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

Approved certification families include AWS (Solutions Architect, Developer, DevOps Engineer, Data Engineer, Security), Microsoft Azure (Administrator, Developer, Solutions Architect, Data Engineer), Google Cloud (Associate Cloud Engineer, Professional Cloud Architect), Kubernetes (CKA, CKAD, CKS), HashiCorp (Terraform Associate), Databricks, Snowflake, ISTQB, PMP, Certified Scrum Master, SAFe, CISSP, CISA and CISM.

A certification reimbursed at an aggregate value above INR 1,00,000 carries a service commitment of twelve (12) months from the date of certification, recoverable pro rata on separation within that period.

Examination attempts are booked by the employee and claimed on NexSpend under "Certification" with the pass certificate or the score report attached. Study leave is not granted; employees may use Earned Leave for examination preparation.

8.5 Higher Education Assistance

Employees with three (3) or more years of continuous service may apply for assistance of up to **INR 1,50,000** towards a part-time postgraduate or executive programme relevant to their role, at an institution recognised by the University Grants Commission or the All India Council for Technical Education, or an equivalent foreign body.

Aspect	Provision
Application window	1 April to 31 May each year
Approval	Function head and CHRO
Disbursement	50% on admission confirmation; 50% on completion with evidence of a pass
Service bond	24 months from the date of completion
Recovery on early separation	Pro rata over the 24 months
Time off	Up to 6 days of paid examination leave per year

Aspect	Provision
Number of awards	Capped at 25 per financial year across the Company

8.6 Internal Faculty

Employees may become internal faculty on NexoraLearn by proposing a course to the L&D team, delivering a pilot to a review panel, and incorporating the panel's feedback. Internal faculty receive an honorarium of **INR 4,000 per delivered training hour**, capped at INR 60,000 per financial year, and delivery hours are recorded against the faculty member's people-contribution goal.

As at 1 February 2026 Nexora has 63 active internal faculty members delivering 34 of the 60 catalogue courses.

9. Onboarding for Internal Moves and Returners

9.1 Internal Transfers

An employee moving to a new team or function goes through a shortened onboarding: no Induction Week, no buddy allowance, but a mandatory 30-60-90 day plan, a named point of contact in the new team, and a role-specific track from Clause 4.3 where the role family changes.

Access changes must be requested through NexServe by the receiving manager and the releasing manager jointly. Access to the previous team's systems and client environments is revoked within **twenty-four (24) hours** of the effective transfer date. This is audited monthly by the Information Security team; standing access after a transfer is a reportable finding.

9.2 Return from Extended Leave

An employee returning from maternity leave, sabbatical, or medical absence exceeding thirty (30) days is re-onboarded through a structured return:

Step	Timing	Owner
Pre-return conversation: role, hours, phased return, any accommodation needed	2 weeks before return	Manager, HRBP
System access reactivated; device reissued if surrendered	2 days before return	IT
Re-orientation: what changed in the team, the client and the product	Day 1	Manager
Mandatory compliance courses refreshed where they lapsed during the absence	Week 1	Employee
Phased return where agreed — reduced hours or reduced scope for up to 8 weeks	Weeks 1 – 8	Manager
Check-in on the return experience	Day 30	HRBP

An employee returning from maternity leave has the additional entitlements set out in HR-POL-004, Clause 7.1, including nursing breaks and the option of working from home for up to twelve weeks.

9.3 Onboarding to a New Client Engagement

Rotation onto a new client engagement requires:

1. Client-specific NDA signed and recorded.
2. Client-mandated training completed — typically information security, and, in regulated sectors, sector-specific modules on payments, healthcare data or market abuse.
3. Client background check where the client's contract requires one beyond Nexora's own.
4. Access provisioned by the client under a named business justification.
5. Delivery Operating Model briefing by the Delivery Manager: working hours, shift pattern,

escalation path, communication protocol, data handling constraints, and whether AI-assisted development is permitted for that client.

10. Roles and Accountabilities

Role	Accountability
Talent Acquisition	Offer, acceptance, BGV initiation, candidate engagement until the date of joining
HR Operations	Pre-boarding portal, documentation, PeopleHub master data, Induction Week logistics, day-one experience
Hiring manager	Welcome call, 30-60-90 plan, buddy nomination, day-one presence, day 30 / 60 / 90 reviews, probation decision
Buddy	Social and practical integration for 30 days
HRBP	Policy briefing, probation reviews, escalation point, day-30 check-in
IT Support	Asset provisioning, accounts, device enrolment, day-one setup
Facilities	Seat, access card, site orientation
Information Security	Security briefing, access governance, transfer access audit
Learning and Development	Induction Week content, catalogue, tracks, Launchpad, certification administration
Delivery Manager	Client engagement onboarding, client access, Delivery Operating Model briefing
New joiner	Documents, training completion, engagement with the plan, honest feedback

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

11. Measurement and Feedback

11.1 Feedback Points

Point	Instrument	Owner
End of day 1	5-question pulse survey	HR Operations
End of Induction Week	12-question survey with free text	Learning and Development
Day 30	New joiner check-in with the HRBP	HRBP
Day 90	Onboarding experience survey	HR Operations
Day 180	Confirmation conversation, including onboarding retrospective	Manager, HRBP
On early exit (within 180 days)	Structured exit interview by the CHRO's office	CHRO's office

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

11.2 Metrics Reported to the ELT

Metric	Definition	Target	Reported
Day-one readiness	Assets, accounts and seat ready at 09:30	98%	Monthly
Time to first contribution	Days from joining to first merged or delivered work	≤ 21 days	Monthly
Mandatory training completion within 30 days	Percentage of the joining cohort	100%	Monthly
Buddy assignment rate	Percentage of joiners with a nominated buddy on day 1	100%	Monthly
30-60-90 plan signed by day 7	Percentage of joiners	95%	Monthly
Onboarding satisfaction at day 90	Mean score out of 5	≥ 4.2	Quarterly
Early attrition	Voluntary exits within 180 days as a percentage of joiners	< 4%	Quarterly
Offer-to-join conversion	Joiners as a percentage of accepted offers	> 88%	Monthly
Learning hours per employee	Recorded hours per financial year	≥ 40	Quarterly

Nexora Technologies Private Limited — Confidential — Internal Use Only — HR-MAN-011 v3.0

11.3 Performance Against Targets — Q3 FY 2025-26 (October to December 2025)

Metric	Gurugram	Bengaluru	Pune	Company	Target	Status
Joiners in the quarter	41	55	22	118	—	—
Day-one readiness	97.6%	94.5%	100%	96.6%	98%	Below
Time to first contribution (days)	18	23	17	20	≤ 21	Met
Training complete within 30 days	100%	96.4%	100%	98.3%	100%	Below
Buddy assigned on day 1	100%	89.1%	95.5%	94.1%	100%	Below
Onboarding satisfaction (day 90)	4.4	4.1	4.5	4.3	≥ 4.2	Met
Early attrition (180 days, rolling)	3.1%	5.2%	2.3%	3.9%	< 4%	Met

The Bengaluru shortfall in day-one readiness and buddy assignment is attributed to the concentration of joiners in a single week following the October cloud practice expansion. Corrective action agreed with the Bengaluru site lead: cap weekly joiner intake at twenty-five per site, and nominate buddies at DOJ – 10 rather than DOJ – 5.

12. Annexure A — New Joiner Checklist

#	Task	Owner	Due	Mandatory
1	Accept offer on the Talent portal	New joiner	DOJ – 21	Yes
2	Upload documents to the pre-boarding portal	New joiner	DOJ – 7	Yes
3	Complete BGV forms and consent	New joiner	DOJ – 18	Yes
4	Raise hardware requisition	Hiring manager	DOJ – 14	Yes
5	Allocate seat and request access card	Facilities	DOJ – 14	Yes
6	Provision accounts and licences	IT	DOJ – 10	Yes
7	Nominate and brief the buddy	Hiring manager	DOJ – 10	Yes
8	Welcome call	Hiring manager	DOJ – 7	Yes
9	Draft the 30-60-90 day plan	Hiring manager	DOJ – 5	Yes
10	Readiness check	HR Operations	DOJ – 3	Yes
11	Issue asset and access card	IT, Facilities	Day 1	Yes
12	Complete PeopleHub profile and nominations	New joiner	Day 2	Yes
13	Complete the seven mandatory courses	New joiner	Day 30	Yes
14	Sign the 30-60-90 day plan	New joiner, manager	Day 7	Yes
15	Enrol dependants for insurance	New joiner	Day 30	Yes
16	Submit Form 12B	New joiner	Day 30	Yes
17	Submit the relieving letter	New joiner	Day 30	Yes
18	Complete the role-specific track	New joiner	Day 21	Yes
19	Day 30 review	Manager	Day 30	Yes
20	Day 60 review; close the buddy programme	Manager, buddy	Day 60	Yes
21	Day 90 probation review 1	Manager, HRBP	Day 90	Yes
22	Day 180 probation review 2 and confirmation decision	Manager, HRBP	Day 180	Yes

13. Annexure B — Escalation Contacts

Issue	First contact	Escalation	Second escalation
Asset not ready	NexServe ticket, P2	IT Support Lead for the site	Deepak Bhatia, Head of IT
Account or access missing	NexServe ticket, P2	IT Support Lead	Deepak Bhatia, Head of IT
Seat or access card missing	facilities@nexoratech.in	Site Facilities Manager	Head of Facilities
Documentation or payroll master data	hrhelpdesk@nexoratech.in	HR Operations Lead	Nandita Sharma, Head of HR Operations
Buddy not assigned or unresponsive	Hiring manager	HRBP	Function head
Training access or content issue	NexoraLearn support	L&D Coordinator	Ananya Krishnan, Head of L&D
Client access delay	Delivery Manager	Practice Head	COO
Any concern about conduct or wellbeing	HRBP	CHRO's office	EAP: 1800-102-8899

14. Annexure C — Document Control

Version	Date	Change
1.0	1 July 2019	First issue
2.0	1 April 2022	Remote onboarding provisions; buddy programme formalised
2.3	1 July 2024	Launchpad restructured to 8 weeks; certification list refreshed
3.0	1 February 2026	Pre-boarding timeline extended to DOJ – 30; day-one readiness gate at DOJ – 3; internal faculty honorarium introduced; metrics section added; buddy allowance increased from INR 2,000 to INR 3,000
